

Reaching People...Building Believers

small group teaching resources

Dear Small Group Leader

This booklet has a description of resources and materials that are available for you to use with your small group. We trust that you will find this beneficial as you seek to minister to your group.

Our vision for small groups is that we be a church “of” small groups rather than a church “with” small groups. We desire to see every person who calls PBC their church in a small group of some description. It is essential that people are connected to others for mutual support and encouragement. We all need people who we can call at 2am when there is a crisis. We want our church to be a place where “no body stands alone” everyone needs to be in a group where they can love and be loved, serve and be served, celebrate and be celebrated.

You are doing a fantastic job leading your groups feel free to use these resources anytime.

If you have any resources that you think could be added to this booklet, please contact me or any of the pastors.
